Mississippi Renaissance Festival  
Where Fairy Tales Come to Life

We are working as a community to bring an event that is both entertaining and educational for all ages. We are able to achieve this goal by working with our local community and through the Sponsorships from our local community businesses.

### FINANCIAL SPONSORSHIPS:

Cash Donations go towards covering the necessary costs of our Festival while still ensuring that we can keep our entry fees and vendor fees at a reasonable cost. All profits yearly roll over into the next year's festival as a method of insuring an educational experience for the next generation.

### IN KIND SPONSORSHIPS:

We strive to underwrite our business expenses as much as possible through In Kind Donations and Contributions of goods and services. Benefits of In Kind Sponsorship are based on a fair market value and align with our available Sponsorship Levels.

### FUSION SPONSORSHIPS:

We encourage our Sponsors to work a combination of Financial and In Kind Sponsorships to take their Sponsorships to the next level while assisting our event.
